

**MALAYSIAN ACADEMY OF PHARMACY**  
Presents  
**Clinical Pharmacy Therapeutic Updates**  
13th-15th July 2018  
Venue: Wisma MPS

To promote further development and specialisation in pharmacy, Malaysian Academy of Pharmacy will be conducting a series of Therapeutics Updates Tutorials. This tutorial is opened to all who have a special interest in pharmacotherapy. It aims to provide up-to-date knowledge in pharmacotherapy so that pharmacists in the clinical practice can acquire a strong base of knowledge and be competent healthcare professionals at their work fields.

The scope of the Board Certified Pharmacotherapy Specialist (BCPS) syllabus will also be included to accommodate those practising hospital pharmacists who are interested in taking the examination for BCPS. BCPS is recognized internationally and has become one of the criteria for specialist accreditation in many countries including Singapore and Thailand.

The invited speakers are BCPS certified or experienced pharmacists in the respective field. They will share their experience and knowledge based on the latest reference materials, including those from the ACCP, to facilitate your preparation towards becoming a BCPS .

**Assoc.Prof. Surakit Nathisuwan**  
B.S(Pharm.), D.Pharm, BCPS  
Faculty of Pharmacy, Mahidol University

**Special highlight**

It is our honour to have well-known international speaker, **Assoc. Prof Surakit Nathisuwan** from Faculty of Pharmacy, Mahidol University (Thailand). He is Board Certified Pharmacotherapy Specialist since 2001. With years of expertise in clinical pharmacy, he has established cardiology pharmacy services especially anticoagulation clinic. Furthermore, he plays a key role in establishing Doctor of Pharmacy program, postdoctoral training (residency and fellowship) and advancing pharmacists competency in patient-oriented care in Thailand. Not only he will share his knowledge & experience in clinical practice but also on the journey of pharmacist specialisation in Thailand.
